DR. JAMES,

BROUGHTON ST., OPPOSITE COUNCIL CHAMBERS

CAN BE CONSULTED DAILY.

Of nearly 50 years' extensive practice in England, America, and Australia. He extracts polypus and cancer without the use of the knife when taken in time. Dr. James is the discoverer of a medicine which cures all LOCAL RHEUMATIC PAINS AS SOON AS APPLIED. DR. JAMES is in possession of medicines that never failed to stop and cure DIPTHERIA, SMALLPOX, CROUP and all FEVERS in a few hours. N. B.—Mrs. James, midwife of long experience and successful practice in this city, is open to engagement.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint is the direct cause of seventy-five per cent. of such maladies as Billiousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles 10 cents. Try it. *

BOSCHEE'S GERMAN SYRUP can now be purchased right at home; it is the most successful preperation ever introduced to our people. It works like a charm in all cases of Consumption, Pneumonia, Hemorrhages, Asthma, severe Coughs, Croup, and all other Throat and Lung Diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die, it is your own fault, as you can go to your Druggist .....and get a Sample Bottle for 10 cents and try it; three doses will relieve any case. Regular size only 75 cts. *

DENTISTRY.—Dr. Cool calls attention to the beautiful alluminium-lined vulcanit-plates for upper and lower sets. The advantage of this work is that it is very thin, much stronger and lighter than the common plate usually worn; also, being a better conductor of heat and cold, it does not produce the iritation, sometimes caused by rubber or non-conducting substances. I make these sets for $35, something never before done, and guarantee my patrons that after once wearing one of them they will wear no other. The treatment of diseased teeth and fine operating I make a specialty. Teeth built up with pure gold to their natural contour; artificial crowns adjusted to roots in the best manner. Work of every description done anywhere I engage to do at the most reasonable prices *

Over 2,600,000 Now in Use.

The genuine Singer Sewing Machines can now be purchased on easy terms by monthly instalments, and cost but a trifle more than those of the most inferior and mushroom character. Our sales in 1877 alone amounted to 282,812, being a majority over all others. The records for 1878, when published, will show a yet greater increase. Regarding the merits of these machines the above undeniable facts speak for themselves. The machines can only be had through our office, the Singer Manufacturing Co.—J. H. MULLAN, Representative.—Office at Fawcett & Co.'s, Government street, Victoria, B. C. *

Blank Book Manufactory and Book Bindery.

Paper ruled to any pattern. Tickets, Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store. *

NOTICE.

A large lot of Men's and Boys' Ulsters to be sold very cheap at the Commission Store on Johnson street. Men sand boys' suits and gent's furnishing goods, hats, caps, boots and shoes, rubber coats, Capeann oilskin suits, heavy cloths and tweeds, waterproof cloth and Oregon flannels. The above goods will be sold at a very small advance on cost. Garments made to order at a low figure. *

A. GILMORE.

WE understand that the Ivy Club of this city will give a grand ball on Tuesday, April 1st, at Pavilion Hall, Fort street, and as neither trouble nor expense will be spared we feel safe in saying this will be the ball of the season. A limited number of tickets may be had of the committee. *

HOME MANUFACTURE.—Mr. H. Wilson, Government street, offers for sale the new Albion Range and a variety of heating stoves manufactured at the Albion Foundry. The largest assortment in Victoria. *

CUSTOM HOUSE Blanks for sale in any quantity at this office.

DR. GIBBON'S DISPENSARY

No. 623 KEARNY STREET, corner Commercial, San Francisco, established in 1854, for the treatment of Nervous and Chronic diseases of all kinds, Skin Diseases of years' standing and Ulcerated Legs, etc., successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his Dispensary, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

CURED AT HOME.

PERSONS at a distance may be CURED AT HOME by addressing a letter to DR. GIBBON, stating case, symptoms, length of time the disease has continued, and have the medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By inclosing TEN DOLLARS in a registered letter through the post office, or through Wells, Fargo & Co., a package of medicine will be forwarded by Express to any part of the world

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time so

COME AND BE HEALED!

It matters not what your troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

ANOTHER WONDERFUL CURE

—EFFECTED BY—

California Elastic Truss!

CALIFORNIA ELASTIC TRUSS CO., W. J. Horno Proprietor—Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been *SUBSTANTIALLY CURED* of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physically and mentally, that I have undergone during that period; and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on and feel that I am *PERFECTLY CURED*. It is invaluable, and the fact should be known to the world. You can refer anyone to me on the subject of its merits. I am truly yours, ALFRED J. BURKE,

TRADE AND NAVIGATION.

The Trade and Navigation Returns for 1878 is a volume larger than ever. It comprises some thousand pages, and in addition to the general statistics embraced in the ordinary tables, it contains a comparative statement of the imports of a number of commodities which constitute the basis of much of the Dominion trade for the years 1876-8. The enlarged production in Canada of powerful explosives has caused the importation of sulphuric acid to decrease to one-half of what it was in 1877. Butter importations show a continuous decline, and nearly all imported is for British Columbia and Manitoba. It has decreased from 180,837 lbs. in 1877 to 111,557 lbs. in 1878. The meat importation in 1877 was 12,914,213 lbs., but last year it increased to 14,018,952 lbs. While the weight has thus increased, the value has decreased from $1,090,509 to $928,950. The total export for the year were $79,323,667, as against $75,875,393, and the imports $93,081,787, as against $99,327,962; while the goods entered for home consumption decreased from $96,300,483 in 1877 to $91,199,577 in 1878, and the duty collected increased from $12,548,451.09 in 1877 to $12,795,693.17 in 1878. In 1877 the balance of trade against Canada was $23,452,569, while in 1879 the balance of trade was $13,758,120. The aggregate trade of the Dominion with all other countries during the year decreased $2,000,000, whilst that with Great Britain increased over $2,000,000, and almost every other country in proportion. The trade with the United States decreased nearly $4,000,000. The general exports increased from $75,875,393 to $79,323,667. The exports to Great Britain increased nearly four and a half millions of dollars. The value of goods imported for home consumption aggregated $91,199,577, as against $96,300,483 in 1877. From the returns it is claimed that the imports from the United States, instead of increasing, actually decreased from $51,312,669 to $48,631,739, and those of Great Britain from $39,572,239 to $37,431,180. The duty collected increased $12,548,451.09 to $12,795,693.17. While the rate of Customs duties levied increased *per capita* from $3.39 to $3.46, the per centage of expense of collection decreased from 5.75 per cent. to 5.58 per cent. The attention of farmers is especially directed to the fact that the importations from the United States of butter in 1878 decreased $18,493 as compared with 1877, and meats $158,188.

KOOTENAY—A SERIOUS SUBJECT.

The Government of this Province is in the hands of twenty-five representatives, of whom two represent Kootenay. These two have been legally paid $3,200 for the sessions ending September, 1878, and will be legally entitled to receive an additional sum of $1,600 for the present sessions. In all, these so-called "representatives" (Messrs. GALLAGHER and GALBRAITH) will have drawn from the Provincial purse for their *valuable services* during the past twelve months the sum of $4,800! Well may we ask, "Cui bono?" What service do these worthy representatives of less than 16 voters render to the public for such enormous remuneration? Truly, nothing! What measure has GALLAGHER ever introduced? What intelligence has GALBRAITH ever shown that the country should nurse them with means to live in idleness. No wonder that this WALKEM Government is adverse to the even partial disfranchisement of Kootenay. While the constituency is a dishonest one, when measured by the standard of fair representation, and is also a rotten borough, it is at the same time a "pocket" one, and if there be any man in the world who knows how to conserve such an element it is our present Premier. The gist of legislation of the present session ought to be the proper representation of the people in Parliament. Yet we believe that the present Government will still preserve the Kootenay element notwithstanding its unfairness and its proximity to an alien element. Kootenay is too vital an element in the composition of a WALKEM Government for the Premier to consent to its partial disfranchisement. However, let the Government have its wilful way. Eventually it will find that the chief nail in its coffin will be the want of honesty in dealing with the question of the representation of Kootenay.

FIRE! FIRE!

Monday the 10th February. Clearing out sale at J. York's, Fort street, 3d door above Scotch House, of DRY GOODS DAMAGED at the late fire on Government street. Also, a great reduction on goods saved in good condition, such as Ladies' Cloth Jackets, Ulsters, Girls' Costumes, Skirts, Shawls, etc., etc.

MUSICAL INSTRUCTION—Mrs. Thos. Sidney Wilson wishes to inform those who are desirous of the above that she continues to give lessons at her residence on Frederick street daiiy after 3 p.m. till 9 p.m., Saturdays excepted, when Mrs. W. can give lessons any hour after 9 a.m. Part of the time devoted to vocal instruction if desired. For terms apply at her residence on Frederick street, near St. Louis' College. Mr. T. S. Wilson gives instructions on the violin. *

THE people of Victoria will have an opportunity during the ensuing two weeks to purchase House-furnishing and Dress Goods cheap. A. B. Gray & Co. being about to erect a two story brick building where the Albion House now stands, have concluded to clear off their entire stock previous to the removal of the building. We direct attention to advertisement in another column. *

DELAYED DISPATCHES.

EUROPE.

LONDON, March 4.—Hill Top mill at Burnley, running 600 looms and 3,000 spindles has suspended operations. Other mills continue to close and one more is expected to close this week. Masters in the Forest of Dan iron trade have given notice of a five per cent. reduction in wages. The cotton trade at Todmerden and Walsden is generally enforcing without resistance reductions of from 5 to 8 per cent.

Bolton cotton operatives have decided to accept a reduction of 10 per cent.

In the House of Commons to-night, Trevelyan's motion on further equalization of borough and county franchise, was debated. It was energetically opposed by Stafford Northcote and rejected. 291 to 226.

VIENNA, March 4.—Many arrests of Socialists have been made in Lenberg and Cracow.

PELTH, March 4.—The river Theiss has overflowed its banks and inundated an immense tract of land. Szegedin and many other towns are greatly damaged. Troops with pontoons have started to save life.

ST. PETERSBURG, March 4.—It is certain that there is unusual activity among revolutionary classes in Russia. They display almost incredible boldness. A publication declaring that the governor of Charkoff had been condemned to death by the Russian Socialist party for inhuman treatment of political prisoners, and that the act of assassination was consequently executed by one of that party, was openly posted in the halls of the university on the day after he was shot. It is believed in St. Petersburg that the Nihilists are interested in spreading reports concerning the plague. It is said that two of Prof. Botkins' assistants are leading Nihilists. The day before the bulletin was issued concerning the sick footman they went about declaring exultingly that Prof. Botkins had a case of plague in his hospital.

On the premises in Kieff upon which the gensd'armes made a descent were found and seized printing material, counterfeit seals of public departments, forged documents, revolutionary pamphlets and a number of revolvers and poniards.

An official messenger says that the police have discovered a secret printing press at Kieff. On entering the apartment they were met by a storm of bullets. One officer of the gensd'armes and two privates were killed. Eleven men and five women were arrested. Four of the former were dangerously wounded.

PARIS, March 4.—Le Pere succeeds DeMarcere as Minister of the Interior.

BERLIN, March 4.—There is but a slight prospect of peace between the Vatican and the European states, especially Germany, unless the Pope modifies his sentiments.

BRUSSELS, March 4.—The ex-Empress Carlotta, widow of the late Emperor Maximilian, of Mexico, who has been insane for many years, resided in in the castle of Terouven, which was destroyed by fire to-day. She was safely removed from the castle.

PARIS, March 4.—The cabinet has experienced a severe blow. It knows that all moderates in the chambers and in the country expect it to openly repudiate the dictation of the radicals. Unless it can do this it had better fall *en bloc* than succumb by piece-meal.

CALIFORNIA.

SAN FRANCISCO, March 5.—A dispatch from Eureka, Cal., says that the steamer Los Angeles while crossing the bar yesterday shipped a sea which stove the pilot house, flooded the decks and washed overboard Wm. Quinn, a seaman.

SAN FRANCISCO, March 4.—About 3 o'clock this morning, while a wake was being held on Natoma street, a stranger, name unknown, introduced himself to those assembled and was put out. He laid in wait, and when three of the participants left the house he attacked them, stabbing two of them seriously and the third slightly.

English Mail.

[Per Steamer Isabel.]

A London coroner, writing about a recent railroad case where, "as usual, the communicating cord will not work," says significantly: "Should it fall to my lot to preside at any enquiry where the evidence establishes a reasonable probability that proper means of communication might have averted loss of life, I shall direct the jury that the individual members of the board are guilty of manslaughter, and, after so many disregarded warnings, it is quite possible the criminals may not find the question of bail one of the easiest solution."

Cardinal Manning, it is asserted, almost literally fulfils the words of Disraeli. "I never eat and I never drink," says the Cardinal in "Lothair," for whose portrait the Archbishop of Westminster involuntarily sat. And Cardinal Manning on the few occasions when he goes out to dinner not infrequently satisfies nature with a biscuit and a glass of water. He is tall, thin, austere, reserved; Monsignor Capel, on the contrary, is plump, gay, handsome and accessible, and at the height of the season may be met at two or three "at homes" the same evening, and in each is the centre of an animated and happy circle of guests. He is withal a nobly-charitable man and a tremendous worker. He is now very ill, and it is overwork, it is reported, that has caused his illness.

At Lucerne a man named Rennel has just been sentenced to imprisonment for life. He was the lover of a girl named Marguerite Voglia and they were engaged to be married. After a time he transferred his affections to another person, and determined to get rid of his first love. He arranged for a meeting in a solitary spot far off in a wood, and when Marguerite arrived she could see nothing but a large hole recently dug in the ground. Suddenly Rennel sprang from behind a tree, dealt her a blow on the head with a bar of iron, and threw his victim into the grave which he had prepared, heaped earth upon the body, covered the place with branches of trees and went his way. The girl, however, was only stunned by the blow, and in a few hours regained consciousness, to find herself buried alive. Working with the energy of despair she managed to force the earth away from her head and then shrieked for help. Luckily a passer-by heard the cry and carried her to the hospital at Lucerne, where she died the same day.

A public meeting of Indian gentlemen was held at Charing Cross Hotel, "to consider the desirability of petitioning Parliament to relieve India from the burden of the expenses of the present Afghan war." Mirzar Peer Bukhah presided, and there were about fifty persons present; letters having been received from several Indians in this country expressing regret that they were unable to attend and sympathize with the object. The following resolution was carried, "That in the opinion of this meeting of Indians now residing in England, India ought not to be burdened with the expenses of the present Afghan war."

Money Saved is Money Made!

CONCLUDING DAYS
OF THE
GREAT AND POPULAR
CLEARING OUT SALE
—OF—
DRY GOODS!
—AT—
ALBION HOUSE.

BUILDINGS TO BE REMOVED THIS MONTH.

Notwithstanding the extreme dullness of trade and the consequent scarcity of ready money,

A. B. GRAY & CO.

Have to acknowledge the unprecedented success which has, during the past two weeks, attended their closing out sale.

The Crowds of Eager and Delighted Buyers

who have thronged the store testify to the UNDOUBTED BARGAINS to be had in every department and are satisfied that everything has been

SUBSTANTIALLY REDUCED IN PRICE!

Notwithstanding our extensive sales we have found it impossible to reduce the stock to the required limit and the goods remaining on hand have been GREATLY INCREASED by the arrival per "City of Chester" of a heavy shipment of

SEASONABLE GOODS

which were on route before we had concluded arrangements to build.

We now call the attention of the public to the fact that we propose to make a last

SUPERLATIVE EFFORT

To sell off the entire stock remaining, and to ACCOMPLISH THIS OBJECT we now make still further reductions.

UNHEARD OF BARGAINS

Will be offered this week at the Albion House. Those who buy their

Dry Goods and House Furnishings

From us THIS WEEK will find the truthfulness of the adage heading this notice fully borne out.

Housekeepers are requested to note the following prices, and if at first they be somewhat incredulous of the

STARTLING REDUCTIONS

being genuine a visit to Albion House will verify the statement.

HOUSE-FURNISHING DEPARTMENT

2½ yds. wide white and grey Sheetings, former price 50c., now 3 yds. for $1.00.
Thick, soft, twilled white and grey Sheetings, 90 in. wide, former price 75c., now 50c. per yard.
White family Blankets, 10 and 11, from $3 to $6.50; worth from $5.00 to $10.00.
Marseilles and Honey Comb Quilts, from $1.00 each.
Full sized quilted Comforter Quilts, from $2.00 each.
Colored Damask Table Covers, from 87½c. each.
White Damask Cloths, Napkins, &c., for half regular price.
Good Honey Comb and Huck Towels at $1.25 per dozen.
Extra white and cream colored Turkish Towels, very cheap.
About 150 pairs of fine Nottingham Lace Curtains, from $2.00 per pair.

MEN'S FURNISHING DEPARTM'T.

A suit of Merino Drawers and Shirt for 87½c.
Overshirts from 62½c. each; extra sizes.
Merino Socks from 15c. per pair.
Heavy, plain and ribbed wool Socks 37½c. per pair.
Men's heavy Denim and Duck Overalls, at five bits per pair.
White Dress, Baltic, red and white Flannel Shirts at equally low prices.

TWEEDS.

A heavy stock just received from the manufacturers, from 50c. per yard.
6-4 waterproof Cloakings, reduced to 65c.

LADIES' BASKET CLOTH JACKETS

An invoice of these goods to hand per last steamer, richly trimmed and fashionable, regular price from $10 to $15; re- $5.00 to $6.50.

WINCEYS.

Twilled and plain, from 10c. per pard.

LADIES' UNDERCLOTHING.

Plain frilled and trimmed Chemises, from 75c.
Night Gowns, plain and extra rich trimmed, from $1.25.
Drawers, tucked and frilled, from 62½c.
Tucked and richly embroidered Skirts, from $1.25.
Embroidered Skirting, 1½ yds. wide, 75c. per yard, reduced from $1.50.

STARTLING REDUCTIONS

Have been made all over our Dress Department, but space prevents our going into detail.

The above are only a few of the many BARGAINS laid out for this week's sale.

THIRD PROVINCIAL ASSEMBLY.

Second Session.

MONDAY, March 10th, 1879.

Mr. Speaker took the chair at 2. p.m.

QUESTION.

Mr. Evans asked the Minister of Finance if it was the intention of the Government to refund to the Government Agent and Road Superintendent of Cariboo the moneys advanced by them to pay Chinamen employed by the late Government, and discharged in consequence of a resolution of the House, dated July 31st, 1878?

Hon. Mr. Beaven stated that the Government would place the amount on the estimates and leave the question to the House.

THE SPEECH.

Hon. Mr. Beavan moved that the House resolve itself into a committee of supply on Wednesday next. Carried.

Hon. Mr. Beaven moved that the House resolve itself into a committee of ways and means on Thursday next. Carried.

CONSTITUTION BILL, (MR. VERNON'S).

Hon. Mr. Walkem objected to this bill being on the orders of the day till the usual two days' notice had been given in that the bill had been off for several days.

Mr. Smithe said that when this bill was first brought up the previous question had been carried, the bill could have been brought up again five minutes after, and he was not aware that it required any two days' notice to put it on the orders, especially as Mr. Speaker had it placed on them.

Hon Mr. Walkem said the bill should never have been on the orders.

Mr. Speaker ruled that the bill should be on the orders.

Hon. Mr. Walkem said he would appeal against the ruling.

Mr. Smithe said he would like the Attorney-General to produce authorities for the position he had taken either that the bill had never been off the orders or that it required two days' notice.

Hon. Mr. Walkem said the orders of the day were made by the House and not by Mr. Speaker. In this case the measure had dropped off the orders of the day. He said the hon. gentleman could find no authority for the standpoint he had taken.

The question was then put and the House decided the bill was not on the orders of the day.

STATUTES AND JOURNALS.

Hon. Mr. Beaven moved the second reading of a bill to regulate the distribution of statutes and journals.

The bill was read a second time.

LANDS AND WORKS.

Hon. Mr. Walkem presented a return of the Lands and Works Department for the year 1878.

The House them went in committee on the Statutes bill with Mr. Harris in the chair.

A subsection was added to clause 4 to send a copy of the acts to the Secretary of State for the Colonies, the Librarian of the House of Commons and to the British Museum in England.

The remaining clauses having passed the committee rose and reported.

Report ordered to be considered to-morrow.

NANAIMO FIREMEN'S PROTECTION BILL.

The House then went into committee on this bill with Mr. McIlmoyl in the chair.

All clauses having passed as read the committee rose and the bill was read a third time and passed.

ESQUIMALT RAILWAY.

Dr. Ash said he was unaware that this bill had been posted up in accordance with section 2, clause 58, of the rules of the House.

Mr. Speaker said the bill had not been posted up and was therefore out of order. The clerk had forgotten to enter the usual notice on the votes and proceedings.

Mr. Smithe said it was evidently an oversight, but he thought it was unfair that the promoters should suffer for that.

ASSESSMENT AMENDMENT BILL.

The House then went into committee on this bill with Mr. Cowan in the chair.

Clause 1, repealing certain clauses of the Amendment Act of 1877.

Clause 3—Assessments levied on lands of non-residents to be marked N. R. Passed.

Clause 4.—Subsection 14 of section 8 is repealed.

Clause 5.—Subsection 16 of section 8 is repealed. Passed.

Clause 6.—Imposing a tax of five cents per acre on all wild land, "wild land" to mean all land west of the Cascades on which improvements to the value of $2.50 per acre have not been made. Improvements valued at $1.25 east of the Cascades to exempt land from this tax.

Mr. Smithe said he had referred to this clause on the second reading of the bill and would now move to allow actual occupiers of land to be exempted from this wild land tax. The House had unanimously exempted pre-emptions in 1877 and he showed that it would only be justice to exempt them now as the tax was never intended to apply to actual settlers, but to speculators only. He would ask the Government to accede to the amendment.

Mr. Beaven—A settler is twelve months from the day he records his land until the assessor comes. A great many parties have recorded lands and done nothing with them. He did not think such settlers deserved any assistance.

Mr. Williams—Whenever anything comes up here for the benefit of the Government Mr. Smithe always opposes it. The farmer is like the dog in the manger, he keeps the land idle and men who would work it are kept out. Mr. Smithe of Cowichan had refused to pay his own taxes until they were delinquent.

Mr. Smithe said the statement was false and called upon Mr. Williams to withdraw it. He had never refused to pay any tax due by him.

Mr. Williams—His (Mr. S.'s) object is to leave the Government without funds so that they could not carry on the business the country. He would never agree to borrow any more money.

Mr. Vernon did not think Mr. Williams understood the question at issue. No person objected to paying his share to the revenue, but to tax one portion of the community at the expense of another was contrary to the well recognized principles of taxation and to constitutional law. It was most unfair for the Government to sell land at one dollar an acre to any person and then to tax him five cents an acre, in addition to the property tax, if they did not improve the land twenty-five cents an acre. With respect to the bill before the House he thought that any pre-emptor could, before the expiration of twelve months, make $400 of improvement on his land in building, ploughing and fencing. The bill, however, provides for the levying of five cents an acre on all land not improved to the value of one dollar and twenty-five cents an acre, whereas some land was unfit for cultivation and could not be improved, being only useful for grazing purposes. He thought such land was not worth one dollar an acre and should be sold for less. He did not wish to see the lands of the Province falling into the hands of speculators, but could not approve of the present measure.

Mr. Smithe—Pre-emptors should be exempt. The settlers in Vancouver Island generally had little capital to begin with and in some instances had nothing but their strong arms, and when it was remembered that they had to make their living for themselves and families, and that all their time could not be devoted to improving their land, it would be apparent that in many cases it would be impossible to make the improvements necessary to exempt them from this tax. They had to pay the real and personal property and school tax; and meeting them with a tax of $8 and $16, as the case might be, first thing on landing, was not very encouraging to settlement. Another view in connection with this tax presented itself, and that was as to its effects on pastoral lands. He alluded to lands on the islands in the Gulf of Georgia which had been purchased from the Government at $1 an acre, and which were for the most part not fit for agricultural purposes. Those settlers had been compelled to buy the land in order to protect themselves, and because by a clause in the Land Act they were prevented from acquiring leases. Leases that had existed prior to 1875 were cancelled and their owners had to buy land by the thousand acres or leave their homes. The land was rocky and timbered and unfit for anything except to depasture sheep, and a tax of 5 cents an acre upon such land was unjust to the owners who were making it contribute to the advantage of the country to the utmost extent of its capacity. If it were agricultural land that could be cultivated and improved, it would be different, but to enforce such a tax upon these islands would be to endeavor to drive out a valuable class of settlers. It was not a matter of making $400 improvements. Some of them had from 1000 to 2000 acres which required from $2500 to $5000 to exempt them, and they could not put so much improvements upon these lands without absolutely throwing their money away. Pastoral land should be free from this tax.

Mr. Beaven did not think the tax at all unreasonable.

Mr. Wilson—Cowichan does not pay as much as will meet the expenses of his (Mr. S.'s) sessional allowance and travelling expenses. Victoria has to pay the interest on money expended on the improvement of farming districts. In many districts the settlers are worse than speculators. He could point out a district containing 101 settlers who paid little or no taxes and they were worse than speculators. They deserved no assistance or support from the Government.

Mr. Smithe said Mr. Wilson had evidently got a relapse of Cowichan on the brain. Dr. Ash had silenced him for a while on a former occasion, but he had recovered from that and now the House was obliged to take another dose of Mr. Wilson's Cowichan until it was almost nauseated. It was plain that Mr. Wilson could not speak upon any subject but Cowichan. It was with him Cowichan or nothing. He had not brains enough to enable him to speak to the merits of any question. (Hear, and laughter.) What had Cowichan to do with the clause more than the rest of the Province. Mr. Wilson was evidently afraid of being thought a mute. He thought he must speak and Cowichan was the only subject his schoolboy mind could grasp. (Laughter.)

Mr. Wilson would explain. There were a few respectable settlers in Cowichan.

Mr. Pimbury—The hon. gentleman must have Cowichan on the brain. The less tax imposed on settlers the better.

Mr. Bennett said he desired to call the attention of the House more particularly to that part of the bill which imposed a tax of five cents per acre yearly on wild land. Wild land being defined as land upon which improvements had not been made to the value of $1.25 and $2.50 per acre respectively, according to whether said lands were situated to the east or the west of the Cascade range—such an imposition was in many cases unjust. It is all very well to impose such a tax on land held by speculators, locked up by them out of the reach of improvement, and lying idle and unproductive, where it should be cultivated and improved, but there was an immense amount of land in the country which, though neither cultivated nor improved, was nevertheless being turned to full account for all that such land was worth. He alluded to some of the stock ranges of the interior. Take, for instance, the case of a farmer who had bought 2,000 acres of grazing land from the Government and paid the money for it. There had been previously a time when that land would have been leased to him on payment of four or five cents per acre per annum, but the lease law was abolished and he had either to buy the land or let it go. Now, the lease law provided that the lessee should graze on such land not less than five nor more than ten head of cattle, the latter being considered the maximum number that the range would carry without permanent deterioration, and that estimate is a perfectly correct one. Now, the man who had bought 2,000 acres of grazing land under this act paid five cents per acre tax, amounting to $100 per annum; that land carried, say, the maximum number of stock, viz., ten head to the 10 Gacres, 200 head. The said stock value of would be fairly estimated at $10 per head for a mixed band of various ages, $2,000. The tax therefore amounted to an annual payment of one-twentieth or 5 per cent. on the value of the animals grazed on the land, paid yearly, and this in addition to the property tax on the assessed value of the land. Such land could not be improved in the ordinary sense of the word. It generally could not be ploughed, as it is commonly on steep and rolling hills and in every way utterly unfit for cultivation; and as to fencing, not only was it too expensive a matter in many parts where fence rails could scarcely be got at all, but everyone knows that pasture lands cannot be fenced, such pasturage, even if it contained water within itself not containing enough feed to pay for the fencing. Now it was not fair to put this heavy tax on lands purchased from the Government years ago. If at the time of purchase the Government had told the purchaser that they intended to put a tax on his land equal to the annual payment he had hitherto made for his lease, he would not have bought it. This tax of 5 cents is in the nature of a fine for not improving good lands and keeping them locked up and idle; but it was wrong to make it apply to waste lands, useful only for grazing that were being occupied and made productive in the shape of beef and mutton to the fullest extent of which they are capable. He would ask the Government to look at this in the right light and modify the clause which imposed this 5 cents so as to make it apply only to lands that were locked up in the hands of speculators.

Mr. Wilson—Mr. Alexander of Cowichan told me a few days ago that he approved of this tax.

Mr. Smithe said only yesterday the House had a bill to take a member from Cowichan, and Mr. Wilson held that Cowichan had one member too much; now he made a third member (Mr. Alexander) address the House. Members should be consistent. (Laughter).

Mr. Smithe's three amendments were put and lost and the several clauses of the bill then passed.

Clause 12.—Giving the Lieut.-Governor in Council power to appoint persons to act as a court of appeal. Passed.

Clauses 13 and 14.—Giving a person taxed the power to appeal. Passed.

The remaining clauses then passed as read and the committee rose and reported the bill complete without amendments.

Mr. Mara gave notice that he would ask to add another clause to the bill.

The report was ordered to be considered on Thursday.

RENTS AND DISTRESSES.

The report on this bill was adopted.

The House then adjourned till 2 p.m. on Tuesday.

NOTICE.

Mr. Mara—To move that Bill No. 23 be recommitted for the purpose of inserting as subsection 4, 5 and 6, of clause 6, the following: "4.—Land upon which five head of horses or cattle per hundred acres are depastured, provided such exemption shall not extend to lands of a value exceeding $5 per acre. 5.—Lands upon which 15 head of sheep per 100 acres are depastured, provided such exemption shall not extend to lands of a value exceeding $5 per acre. 6.—Lands upon which horses, cattle or sheep or any of them are depastured together, the total number being in accordance with the proportion established by the preceding section, provided such exemptions shall not extend to lands of a value exceeding $5 per acre.

The Great Clearance Sale at Albion House Continues.

Notwithstanding the great sales of the past week we find that there remains on hand a vast quantity of goods that must be sold prior to removal of building.

Having in a former notice stated our intention of making a "clean sweep" and the reason why, we propose this week to offer goods at lower prices than ever. Buyers have already found that a great saving is effected by taking advantage of the rare opportunity now offered.

Every day makes it more imperative on us to sell, and for the very limited period that this opportunity can last customers will make a clear saving of fifty per cent.

Goods sold exclusively for cash.

Come early and everything will be found as represented.

For price list and Special Bargains see to-day's *Colonist*.

The Scandalmongers.

It will only require an example to be made of one of the many scandalmongers who infest this city to put an end forever to the persecution which quiet and respectable people are now called on to endure. Nearly every Canadian and American town has had to pass through the ordeal; but the perpetrators have almost invariably been tracked and punished either in person or property. The anonymous letter-writer and the scandalmonger are dirty wretches, for whom on detection assassination would be too mild a fate. A long term in the chaingang or a verdict that carried heavy pecuniary damages, would be the most fitting punishment. Strangers who have been accustomed to the ease with which the police in other cities have tracked slanderers to their hiding places and dragged them forth to exemplary punishment, are surprised to hear that indecent anonymous letter-writing has been going on here for two years past in the full knowledge of the police, and that as yet not a single scoundrel has been brought to book, although suspicion is said to more than point to a spot as that in which they are concocted.

Land Returns.

During 1877 and 1878 the following land business was transacted by the Government:—

ENTERTAINMENT.—The 17th of a series of entertainments in connection with the organ fund of St. Andrew's Church will be given at Broughton street school-house this evening. An excellent programme has been selected consisting of readings, recitations, vocal and instrumental music, and a charade.

IN THE Land Amendment Act the members for Lillooet and Kootenay voted against Mr. Smithe's amendment against imposing 5 cents per acre tax on grazing lands which cannot be improved. How will their constituents like that?

THE TARIFF.—No dispatches from the customs authorities were received yesterday.

THE telegraph line was up last evening.

The Public Works Report.

This report was laid on the table of the House yesterday. A very good map of Osooyoos district (prepared by the late Commissioner) accompanies the report. The detailed expenditure brings us down only to the 30th June, 1878, and does not convey any idea as to the operations of the present Government, which have been so inefficient as to jeopardize the safety of several valuable roads and in more than one case (notably the accident at Whittey's bridge, Metchosen district) endangered life and property. Following is a statement of the expenditure to June 30th:

A considerable portion of the report is occupied by an apology to the Government supporters for an overexpenditure in the repairs of Government House. The building is represented as being in a dilapidated condition, requiring frequent and expensive overhaulings. Regret is expressed that the Fraser dyking scheme has not been pushed forward with the rapidity anticipated, and Mr. Navarre, the superintendent, intimates that the reasons are "best known to the promoters of the scheme." He mentions, further on, that an immense peat bed (over which the dyke must be constructed) and a quicksand bottom have been encountered. A gap of nearly 9,000 feet remains to be closed. For Cassiar District explorations for a trail from Glenora to Defot Creek and a bridge over Thibert Creek are recommended.

By far the most interesting portion of the report is that which pertains to the cofferdam. It comprises correspondence between the late and present Chief Commissioners with Mr. Bennett, the resident engineer, and Mr. Dawson, engineer for the contractors. In this correspondence it is seen that no extension was granted the contractors after the 31st of July, 1877, and that the total amount paid the contractors is $30,357.42, with $9,038.01 for work done, withheld till completion On the 22d April, 1878, the resident engineer complains that the work is being unnecessarily delayed and that "time has been wasted in not having material and plant ready for use when wanted." He adds that the work "ought, under ordinary circumstances, to be finished by August," 1878. The engineer also approves of the course of the late Government in declining to extend the time for the completion of the contract. On the 17th June, 1878, Mr. Dawson makes a lengthy reply to Mr. Bonnett's recommendations in which he complains that his operations have been hampered by the damage done to his credit and that "moreover to keep a man at work by constantly menacing his shoulders with a cowhide is not a suitable means to be adopted by the Government of a civilized country." He then goes into an explanation, point by point, of the difficulties he has had to contend with, and notifies the Government that the contractors "are entitled to require payment, at rates over and above the schedule prices of the contract, for all work executed since the expiration of the time-limit for completion," for "not only have the works been of a different character and carried on from the commencement under different circumstances from those represented, but on *every single point alterations* have now been made from the original designs which have proved quite impossible of execution." On the 3d November the resident engineer notified the Government that the sum of $5,091.38 was due the contractors. On the 6th December Mr. Dawson is notified that the payments will be withheld until the work shall have been completed. A further certificate for $3,946.63 for work done was issued to the contractors on the 3d of the present year. An exhaustive report of the condition of the work was submitted by Mr. Bennett on the 31st December, in which he reports unfavorably of the condition of the cement after "tests." As we shall have occasion to refer to this report again we shall not go further into it to-day.

Signs of the Times.

"Coming events cast their shadows before." The Government organ behind the scenes looks at the discontented Sixteen and hears Drummond denouncing the tin can affair, Williams bidding for carriage hire and Wilson hoping to be "a Minister." The picture is not pleasing to the hacks of the organ and so they prepare to pay homage to the rising star of Elliott. Yesterday morning in that journal is a sample of poetry from Cowichan which contains the following lines expressive of the present sad condition of the people of this Province:—

We're gaun aboot wi' hangin' mou'
Wi' pockets toorn an' lookin' blue,
Cursing the day that Walkem's crew
Took Elliott's seat
And turned out Smithe and Vernon, too,
That gar's us greet.

Fu' weel we min'—it's no that long—
Contracts were gotten for a sang,
Beaumont and Booth to h—— might gang,
Without fail.
We followed whaur the siller rang—
At Smithe's coat tail.

We always used to laugh at those
Who paid and would bank interest lose,
But now we're taken by the nose
And asked to pay,
An' faith we're threatened further woes
If we delay.

Alas! this is a sad contrast,
Our sun we fear's now overcast,
And bending rueful to the blast
We sit and pine,
All talkin' of the times that's past
In dolefu' whine.

That is the honest truth, and the wonder is—TO FIND IT IN THE *Standard*.

FOR SAN FRANCISIO. — The steamship City of Chester left Esquimalt at noon yesterday for San Francisco with the mails, several passengers, about $12,000 in treasure and a small freight.

THE steamer Isabel arrived at 5 p.m. yesterday from the Sound with four bags of mail, 19 head of cattle for F. Reynolds, two cases of powder, 47 bundles of hoops, 40 sacks of flour and 300 sacks of potatoes.

Municipal Police Court.

[Before H. C. Courtney, Esq., P. M.]

MONDAY, March 10.

John Crawford, charged with supplying intoxicating liquor to Indians, was remanded for one day.

Johnny, an Indian, charged with being in possession of a bottle containing an intoxicant, was sentenced to two months' imprisonment with hard labor.

MARINE.—The steamer Alexander arrived yesterday morning with the bark Marrianne Nottebohm from Departure Bay for San Francisco. The Alexander will leave this evening for Departure Bay to tow down the bark Revere.

TO BE WOUND UP.—The Enterprise Gold and Silver Mining Company will be wound up, a petition to that effect having been filed.

No MAIL from East of the mountains was received yesterday.

A Map of the City.

EDITOR COLONIST:—Your leading article "Begin at the Beginning" is a very useful production. It is just as you say, "We are building at random," and now is the time to establish a perfect system of order. A public record that will always be indisputable evidence in questions referring to the boundaries of town lots is so necessary that I am astonished to hear it is not in the city hall. Every owner of property feels that he has an interest unprotected while there is no boundary fixed by an official map. Possession, the lapse of time, and position may protect a title, but every man's right to property ought to be secured by all the forms required by law. I hope the city fathers will see that such a map of the city as you recommend will be the very best decoration for the city hall. Now is the time to mark the boundaries of real estate and the lines by which a perfect system of drainage may be secured. Will the city be drained into the sea or into a reservoir a mile or two from town? The refuse of a city is excellent manure; deposited near a large farm it would sell, and help to pay the taxes. Manure is money and we cannot afford to fling it into the sea. I feel assured the city fathers will at once take up the question of securing the rights of property owners by providing a good map on a large scale. As a large property owner my opinion is entitled to consideration, and I say I am very willing to pay my share of the expense. PROPERTY.

Reporting Judges' Decisions.

EDITOR COLONIST:—In all the colonies there is a system of law reporting. In the neighboring American territories a similar system prevails. Why is it that in British Columbia the Government fails to take steps to place before the public in printed form accessible to every one (particularly the magistrates and commercial men) the decisions of the Supreme Court Judges? Notwithstanding what Mr. Humphreys, the Provincial Secretary, said, viz: that the Judges never rendered written decisions and consequently neither lawyers nor any one else could ascertain the law, it is notorious that in the Courthouse there are the written decisions of the Court for many years past merely awaiting publication. Surely something ought to be done with a view of getting the decisions of the Supreme Court reported and printed. OBSERVER.

Royal Hospital.

EDITOR COLONIST:—By an advertisement I perceive that the subscribers of the Royal Hospital are to meet on Wednesday for the purpose of electing a Board of Managers. Allow me to suggest to the subscribers the propriety of electing gentlemen upon the new board who do not in any way supply goods to that institution, for however honest they may be it is not the proper thing for anyone to sit at a board and vote that his own account should be paid. A SUBSCRIBER.

Revival of Business in the United States.

The news from the United States is encouraging. The *Herald* is jubilant, and it points out that three years ago there were 60,000 idle men in New York, while now there are only 11,395. This is encouraging. Even during the busy times there are always thousands of unemployed in New York. We learn that in 1873 there were 25,000 men out of work in the Empire City. Six years ago times were considered good; yet if the number of unemployed men is an indication, the state of trade is better now that it was even six years ago. If wages are less, so are all the necessaries of life cheaper. The laborer who used to earn $2 a day in 1873 only earns $1.10 now.

Carpenters' and cabinet makers' wages are reduced from $2.50 to $1.75; bricklayers, plasterers, painters, and sawyers from $3.50 to $2.25 and $2.00; blacksmiths from $3.00 to $2.00; tailors from $2.50 to $2.50; and shoemakers from $3.50 to $2.00.

The misunderstanding between myself and Messrs. Leiser, Gerke & Co., after a hearing, was amicably settled in Court, satisfactory to all concerned. The hotel business at Laketown will be carried on by me as usual the coming season.

"A Turkish Atrocity."

James Norman sued the Manchester and Sheffield Railway Company in the Hull County Court for £15, value of a horse drowned in being landed from one of the company's steamers. In cross-examination, plaintiff said he was a exhibitor of novelties. He exhibited at Hull fair a Turkish lady who had been mutilated during the "Turkish atrocities." He did not know that she was not a Turkish lady, and that she was born in this country. Mr. Harper: Is not her name Spence, and was she not born at Loughborough? Plaintiff, I don't know. We engage novelties, and when we engage them we ask them what they are, and we show them for what they tells they are. His Honor: What was this novelty? Plaintiff: It was a lady without arms, and she was very accomplished with her feet, with which she played the piano and the violin. Mr. Harper: And she was exhibited as a Turkish lady who had been mutilated during the "atrocities?" Plaintiff: Yes. He exhibited the Turkish lady. She had formerly been exhibited as Miss Spence, the lady without arms, and he had heard that she was born at Loughborough, near Leicester. His Honor: She is sometimes a "Bulgarian atrocity," sometimes a "Turkish atrocity," and sometimes a lady without arms? (Laughter). Witness: Yes. His Honor: She is very useful. The jury awarded the plaintiff £10, but the judge said he disagreed with their decision.—*London Globe.*

"The Cliffords from Boston."

The mishap which befell a party from Boston last week in Philadelphia has caused much merriment in that city as well as in New York, where the unfortunates are quite well known. Among the round of entertainments provided for the visitors by their friends was an evening at the minstrels. The young relative who bought the tickets in the morning asked the ticket-seller whether there would be any "coarse jokes" or "improper allusions" during the performance. He simply asked because "the Cliffords from Boston were coming." (The name is fictitious, but the story is true). He was informed that "hardly ever" was there anything out of the way at the abode of minstrelsy. The evening came; a large audience filled the house; the overture was played, and one of the "end men" approached his first joke. Suddenly up rose the rest of the band, and, motioning excitedly to the "bones," murmured, "Hush, be careful; the Cliffords from Boston are he-ah." At first the audience did not understand the joke, but when it was repeated the annoyance of the party alluded to became so manifest that peals of laughter shook the house. At the third or fourth repetition "the Cliffords" could stand it no longer and indignantly left the hall.

Come ye citizens and strangers,
Miners, sailors and Western rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Havana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you.
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.

F. CAMPBELL.
